

# Ihsan Wardhana Ristiarto

## Software Developer

I am an innovative and deadline-driven web developer with some experiences including PHP, Python, HTML, CSS, JS, SQL, and Git. As a vocational high school student, I am passionate about problem-solving and eager to apply my skills in real-world scenarios. I am currently preparing for an internship, where I aim to contribute my technical knowledge while continuing to grow and develop professionally in a fast-paced environment.

 Depok, Jawa Barat, Indonesia
